

workers of Dresser Oil Tools, Dallas, Texas and operating at various locations in Texas (TA-W-34,762) and Louisiana (TA-W-34,762D). The notice was published in the **Federal Register** on October 9, 1998 (63 FR 54495).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of oilfield equipment and provide office, administration, management and sales services.

New information shows that Dresser Oil Tools, a Div. of Dresser Industries, Inc. purchased Axelson, Inc. in 1994. Worker separations occurred at Axelson, Inc. when it closed in March, 1999. The workers are engaged in the production of oilfield equipment. The State reports that some workers separated at Axelson, Inc., had their wages reported under a separate unemployment insurance (UI) tax account for Dresser Industries, Inc., Dallas, Texas.

Based on these findings, the Department is amending the certification to include workers of Axelson, Inc.

The intent of the Department's certification is to include all workers of Dresser Tools who were adversely affected by increased imports of oilfield equipment.

The amended notice applicable to TA-W-34,762 is hereby issued as follows:

All workers of Dresser Oil Tools, Dallas, Texas, Axelson, Inc., Div. of Dresser Industries, Inc., and operating at various locations in the following States: Texas (TA-W-34,762) and Louisiana (TA-W-34,762D), who became totally or partially separated from employment on or after July 6, 1997 through September 18, 2000 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 10th day of June, 1999.
